

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations and we are currently seeking a

## *Installations Engineer*

Are you a hands-on person who enjoys travelling often? Do you have strong electrical and mechanical installation experience? You can be based anywhere in the UK, and we pay you door to door!

We are seeking a skilled and motivated **Installations Engineer** with an electrical bias to join our team. As the Installations Engineer, you will be responsible for supervising our installation engineers and subcontractors, supporting project planning, and maintaining clear communication with clients. You will also deputise for the Installations Manager when required, contributing to project success and customer satisfaction.

### **What We Offer:**

- Competitive hourly pay, including time paid from home.
- A company vehicle to support your travel needs.
- Career development opportunities
- Become a member of an Employee-owned trust

*Upon completion of Probationary:*

- Cycle to work scheme
- Option to buy additional leave
- Option to join Private medical insurance

### **Key Responsibilities:**

- Drive electrical and mechanical installations to meet agreed timelines and quality standards.
- Supervise Logistex Installation Engineers and subcontractors under Logistex control, as directed by the Installations Manager.
- Assist in planning labour allocation, equipment hire, and transport to ensure successful project delivery.
- Deputise for the Installations Manager by attending project planning and site progress meetings.
- Assemble and install Logistex products and associated equipment to engineering specifications.

### **About You:**

- Strong electrical and mechanical installation experience.
- Proven leadership skills with the ability to manage teams and subcontractors effectively.
- Excellent organisational and planning skills, with attention to detail.
- Clear and confident communicator, both with internal teams and customers.
- Flexible and willing to travel frequently as part of the role.
- A valid driver's license is essential.
